Summary

Experienced web designer and developer with proficiency in WordPress, JavaScript, PHP HTML, CSS, SCSS Tailwind CSS, ReacJs, Laravel, Codeigniter, Bootstrap, and graphic design tools.

I have a proven track record of creating 25+ responsive, high-quality websites, including projects for Canadian clients, in the last few months.

Skilled in graphics design and cross-browser compatibility testing. Effective remote collaborator with a strong eye for detail and commitment to continuous learning.

I am excited to contribute to innovative teams and drive digital impact. I am passionate about software design, development, and interaction. I love what I do.

Experience

Graphic and Web Designer
Freelance Developer
Jun 2018 - Present (5 years 7 months)
My role is to write and style both front-end and back-end components that meet the requirements of mocks and fulfill user stories. This include planning, visualizing, creating and testing websites and graphics. Provided Support and Maintenance for websites. Manage Projects from start to finish.
