Nathaniel Eje

Software Engineer | ReactJs | WordPress | Laravel
Markurdi, Benue State, Nigeria

Summary

I am software engineer. I am passionate about software design, development and interaction. I can design and build with HTML, CSS, SCSS Javascript, ReacJs, Laravel, Codeigniter, Bootstrap and Wordpress. I really love what I do.

Experience

Upwork freelance
Web Developer
June 2018 - Present (6 years 11 months)

I specialize in creating responsive, user-friendly, and visually appealing websites that captivate audiences. With expertise in UI/UX design, responsive web design, WordPress customization, graphic design, and web development (HTML, CSS, JavaScript).

I deliver high-quality designs that meet client specifications and exceed expectations.

Dawih Solutions
2 years 5 months

Web Designer/Developer
December 2022 - Present (2 years 5 months)
Lagos State, Nigeria

Crafting responsive, visually appealing, and user-friendly websites. Proficient in HTML, CSS, JavaScript, and CMS platforms like WordPress. Proven track record of:

- Developing custom websites for clients, ensuring seamless functionality and aesthetics
- Collaborating with designers, content creators, and digital marketers to bring websites to life
- Writing clean, efficient code and troubleshooting issues

- Optimizing websites for speed, performance, and SEO
- Conducting quality assurance testing for cross-browser and device compatibility

Full Stack Developer
December 2022 - Present (2 years 5 months)

Responsible for working on both front-end and back-end development processes. Design, develop, and maintain fully-fledged and functioning platforms with databases or servers.

Build custom websites that meet user's specification using WordPress.

Xtech Global Services
